

# FREEDOM ONE

---

## FINANCIAL GROUP

As a business owner, you owe it to your employees to do what you do best - run a car dealership. Sometimes that means delegating important responsibilities such as a retirement plan administration to an expert outside the company. An experienced company with a proven track record of getting the job done right. A company dedicated exclusively to 401(k) planning. The company - Freedom One Retirement Services - MADA's endorsed 401(k) plan provider. Freedom One currently services over 200 auto dealerships and is ranked as Michigan's largest full-service 401(k) plan provider, boasting a near-perfect client retention rate and ranking amongst southeast's Michigan's top 50 companies.

From the get-go, Freedom One is dedicated to helping your 401(k) plan outperform. This begins with a complimentary, no obligation Due Diligence Review (DDR) and report of your current retirement plan – a highly effective process that has positioned us as one of the top 401(k) record keepers in the country by Plan Sponsor magazine. This DDR helps fulfill your fiduciary responsibilities and gives us the information we need to maximize your 401(k) plan's earning power when you engage our services. Our retirement consultants take it from there.

With more than 16 years experience, the Freedom One team has earned a well-deserved reputation for providing some of the industry's most comprehensive 401(k) services, achieving excellent, often enviable results. Key to this success is our signature one-on-one education and communication process that dedicates a minimum of 45 minutes with each eligible employee.

These initial meetings and subsequent regularly scheduled small group meetings are conducted by a trained retirement consultant dedicated to total client satisfaction. This innovative approach ensures that employees are up to speed on their 401(k) plan, understand what it means for their future, and are motivated to invest for tomorrow. The result: Freedom One achieves greater employee participation levels and significantly higher 401(k) contributions - often twice as much as previously invested. And more contributions today should lead to greater security down the road.

If you're thinking about turning over the keys to your company's 401(k) plan to an expert investment advisory firm, consider Freedom One. With more than 70 employees professionally managing over \$1.7 billion in retirement plan assets, we run circles around our competition. And we're revved up and ready to put things in motion for you.

To learn more, simply call our dedicated 401(k) plan hotline at 866-668-401k. We are driven to help you succeed.
